### Additional Exhibitors / Exposants additionnels

#### Lakehead University, Centre for Education and Research on Aging & Health

The Centre for Education and Research on Aging & Health (CERAH), Lakehead University, is located in Thunder Bay, Ontario. CERAH's mission is to advance health and social care for an aging population and promote the health and well-being of people aging across the lifespan. CERAH has been conducting research and delivering education in Northwestern Ontario since 1993.

#### Université Lakehead, Centre d'éducation et de recherche sur le vieillissement et la santé

Le Centre for Education and Research on Aging & Health (CERAH – Centre d'éducation et de recherche sur le vieillissement et la santé) de l'Université Lakehead se trouve à Thunder Bay, en Ontario. Sa mission est de faire progresser la santé et les soins sociaux pour la population âgée, et de promouvoir la santé et le bien-être des aînés au cours de la vie. Le CERAH mène des recherches et prodigue ses enseignements dans le Nord-Ouest de l'Ontario depuis 1993.

#### University of Waterloo, Collaborative PhD in Aging, Health and Well-Being

The PhD in Aging, Health and Well-being provides doctoral students with an interdisciplinary platform upon which to develop a broad understanding of issues related to the health and well-being of our aging population. Developed and implemented collaboratively between the three academic units in the Faculty of Applied Health Sciences, students work with internationally renowned gerontologists and use research to tackle the most pressing health and social challenges facing our older adult population.

#### Université de Waterloo, Programme de doctorat collaboratif en vieillissement, santé et bien-être

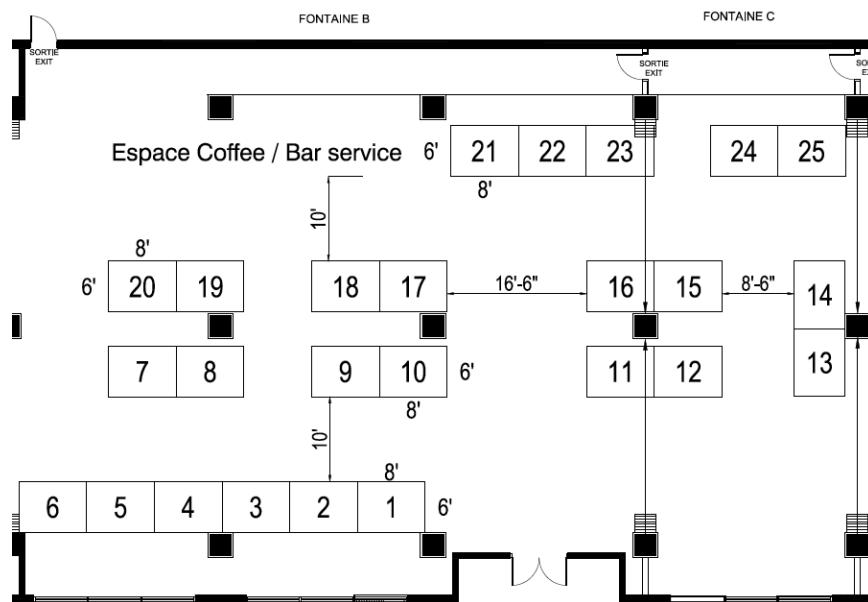

Le programme en vieillissement, santé et bien-être fournit aux étudiants au doctorat une plateforme interdisciplinaire à partir de laquelle ils peuvent acquérir une vaste compréhension des problèmes liés à la santé et au bien-être de notre population vieillissante. Ce programme, élaboré et mis en œuvre en collaboration par les trois unités universitaires de la faculté des sciences de la santé appliquées, permet aux étudiants de travailler avec des gérontologues de renommée internationale et d'utiliser la recherche pour s'attaquer aux défis de santé et aux problèmes sociaux les plus pressants auxquels font face nos personnes âgées.
